Assist. Prof., Veterinary Dentistry & Oral Surgery, Colorado State Univ., Fort Collins, CO, USA

APRYLE HORBAL  BA, VMD, MRCVS
Equine Dentist & Medical Director, University Veterinary Specialists, Pittsburgh, PA, USA

Over the past 20 years huge advances have been made in equine dentistry and new sophisticated diagnostic and therapeutic techniques aiming at dental disease prevention and dental sparing have been published. This 2-day highly practical course is aimed at practitioners with a working knowledge in equine dentistry who want to deepen their understanding and especially their practical skills on diagnostic and therapeutic techniques.

Between both afternoons 7 hours of practical sessions will provide an intimate environment for attendees to develop their practical skills on live horses and equine specimens in true small groups (2-3 vets per specimen)

Register before Thursday, 19th October 2017, 11:59 PM (BST)
to qualify for the early booking discount.
