

The Edmonton Association of Small Animal Veterinarians presents a webinar for DVMs & RVTs... **Advanced Urban Hen Care** with Daren Mandrusiak, BSc, DVM

Pending ABVMA & CVBC-approval for 2 CE credits.

Date: Sunday, Feb. 11, 2024
Time: 12:30 pm - 2:30 pm MST
Webinar Platform: Zoom

A recording is scheduled but not guaranteed. This event is also being offered in person at WDDC in Edmonton.

Do you want a chicken or do you want this chicken?

Backyard hens are increasing in popularity not only throughout North America but in Alberta! The care clients are seeking for these birds can vary from a more agricultural utilitarian focus to an individual pet bird focus. More and more these charismatic birds are sneaking their way into the pet category where they are expecting care on par with other pet birds.

This lecture will focus on the care of individual pet chickens, where the owners want THIS chicken. Topics covered will include individual bird focused diagnostics, imaging, therapies, surgical interventions and pharmacology (cGFARAD be damned! because these birds will be un-consumable).

Fees (Late - in brackets):

EASAV RVT & DVM Members: FREE
CAVM Members, students & unregistered support staff: FREE
Non-member RVTs: \$15.75 (\$26.25)
Non-member DVMs: \$32 (\$52.50)

With thanks to our sponsors!

Daren Mandrusiak, BSc, DVM

Dr. Daren Mandrusiak hails from North Eastern Alberta and graduated from the WCVU. His professional interests include soft tissue surgery, dentistry and exotic animal medicine and he currently practices at the Harvest Pointe Animal Hospital in Edmonton. Daren is a certified Fear-Free practitioner, implementing fear-free techniques to his avian patients and is a strong advocate for the provision of high quality exotic veterinary medicine in regular practice.

A member of the Association of Avian Veterinarians (AAV), Dr. Mandrusiak spends his volunteer time treating injured wildlife at Wild North and the Strathcona Raptor Shelter.
