**Bonus:** Earn free CE credits when you attend!

## 1 From Breeding to Foaling: A Practical Guide for Practitioners

**Mouhamadou Diaw**  
DVM, MSc, Dipl. ACT

**Date:** February 21, 2024

**Time:** 11:30 a.m. to 1:00 p.m. ET

In this presentation, Dr. Diaw will provide practical insights on managing equine breeding, common problems, and complications throughout the reproductive process to minimize errors and ensure the success, health, and well-being of the mare and the newborn foal.

**Duration:** 75 minutes,  
followed by a 15-minute Q&A session

## 2 Local Anesthesia as a Tool to Help Pinpoint the Source of Lameness

**Pavlina Ruzickova**  
DVM, Dipl. ACVS

**Date:** March 7th, 2024

**Time:** 11:30 a.m. to 1:00 p.m. ET

Local anesthesia is commonly used as a tool to help pinpoint the source of lameness in horses. In her presentation, Dr. Ruzickova will review the most common "blocks" used during a lameness exam. She will focus on proper technique and pitfalls to avoid in order to obtain reliable information from this diagnostic procedure.

**Duration:** 75 minutes,  
followed by a 15-minute Q&A session
