

Annual General Meeting

+ Banquet & Guest Speaker

SATURDAY NOVEMBER 18, 2023

Guest Speaker:

Dr. Gráinne McCabe Ph.D.

Chief Conservation Officer, Calgary Zoo

“Restoring balance for wildlife and human life – the role of zoos in applied field conservation.”

Description:

“I will discuss the current conservation situation for wildlife globally, and in Africa and Canada more specifically, as well as potential solutions to enable humans and wildlife to co-exist, sharing examples from the current work of the Wilder Institute/Calgary Zoo, as well as my previous work.”

Speaker Bio:

Dr. McCabe is a renowned researcher and anthropologist recently appointed as the Chief Conservation Officer at the Calgary Zoo/Wilder Institute. She brings her expertise from working with elephants and primates to her new role coordinating conservation programs and research here in Canada and around the world, working to saving species at risk. Dr. McCabe is a member of the International Union for the Conservation of Nature (IUCN) SSC African Primate Specialist Group and recently joined the IUCN Task Force on Biodiversity and Family Planning which is focused on removing barriers to family planning across the world; work that is linked to improved outcomes for women’s education, local economies, and conservation.
