

INVITATION TO A LIVE WEBCAST

On germs – Dog and cat antimicrobial use in the clinic. What drug? How long? What case? When? And is there a why?

April 16, 2024, at 7 p.m. (EDT)

4:00 BC (PDT) **5:00** AB/SK (MDT) **6:00** MB (CDT) **7:00** ON/QC (EDT) **8:00** PEI/NB/NS (ADT) **8:30** NL (NDT)

This lighthearted ‘fireside chat’ session will provide a summary of essential aspects regarding judicious antimicrobial use and stewardship for dogs and cats. During this webcast, **Drs. Michelle Evason** and **Scott Weese** will discuss recent peer-reviewed literature and rely on expert- and evidence-based clinical resources to aid in case management and communication with pet owners.

Join us as we review the responsible use of antimicrobials in clinic care practices to ensure the well-being of pets.

Michelle Evason

BSc, DVM, Dipl. ACVIM (SAIM)

Dr. Michelle Evason serves as Global Director, Veterinary Clinical Education for Antech (MARS). She has worked in general practice, academia, specialty clinical practice, and in the animal health industry. Michelle has published on numerous infectious diseases, antimicrobial stewardship, nutrition, spectrum of care, veterinary- and pet-owner education-related topics. She enjoys ferrying her two-legged (and four-legged) children to various activities and fulfilling most ‘Canuck’ stereotypes.

Scott Weese

DVM, DVSc, Dipl. ACVIM

Dr. Scott Weese is a veterinary internist, a Diplomate of the American College of Veterinary Internal Medicine, and a Fellow of the Canadian Academy of Health Sciences. He is a professor at the Ontario Veterinary College, University of Guelph, Director of the University of Guelph Centre for Public Health and Zoonoses, Chief of Infection Control at the Ontario Veterinary College Health Sciences Centre, and is a member of the Quadripartite Global Leaders Group on Antimicrobial Resistance and Chair of the WHO Advisory Group of the Critically Important Antimicrobials for Human Medicine.
