

# Dental Instrument Sharpening Wet Lab

## LEARN TO CONFIDENTLY SHARPEN DENTAL INSTRUMENTS WITH PERSONALIZED TRAINING

- Review the anatomy of dental instruments
- Discuss the supplies necessary to perform in-house instrument sharpening
- Determine when an instrument requires advanced repair or retipping
- Make sharpening a more achievable and less cumbersome task at your practice
- Supervised & assisted sharpening of up to 40 instruments

## Ongoing dates are available!

Maximum of 3 attendees per session  
2 hours of CE credit ABVMA approved

Any veterinary staff welcome!

*Attendees are to supply their own dental instruments and sharpening supplies*
