

INVITES YOU TO MEET PURINA AND BECOME A **Purina Gastrointestinal VetExpert**

This event will familiarize you with Purina's nutritional options for managing your GI patients, demonstrate resources to help you with nutritional recommendations, and feature:

Dr. Serge Chalhoub DVM, Dipl. ACVIM (SAIM)

IBD: Is it (always) a Bad Diagnosis? The messy workup of chronic enteropathies

DESCRIPTION - Acute and chronic enteropathies can be challenging not only to diagnose but also sometimes to treat. Therapeutic trials are a valuable diagnostic and therapeutic tool in certain GI cases. Through a case-based presentation, the discussion will center on:

- Workup of chronic enteropathies: how to do this?
- Food responsive enteropathies
- Dysbiosis
- And finally Inflammatory Bowel Disease
- Other GI conditions sometimes missed
- Diet trials

TUESDAY
January 16th 2024
1 - 7 PM

WDDC
17611 109A Ave NW,
Edmonton
Dinner & Light Lunch will be provided.

GET A HEAD START ON YOUR 2024 CE*!
